RE: In Re National Prescription Opiate Litigation
Case No. 1:17-MD-2804
Fourth Production of Documents Regarding Jurisdictional Discovery

Dear Mark:

On behalf of Teva Pharmaceutical Industries, Ltd., we are producing to you via secure file transfer documents responsive to Special Master Cohen's April 3, 2019 Ruling Regarding Jurisdictional Discovery on Defendants Allergan, Teva and Mallinckrodt and Special Master Cohen's May 27, 2019 email directing the Teva Defendants to produce additional documents. These documents are Bates labeled TEVA_MDL_JD_006244 – TEVA_MDL_JD_006418. We are initially producing these documents directly to you and will make a full production of the same documents in native format to Ricoh. They consist of a ledger of accounts receivable by Teva Pharmaceuticals Industries, Ltd. from subsidiaries of Teva Pharmaceutical Industries, Ltd. in the United States, Teva Pharmaceutical Industries, Ltd.'s 2016 tax return with the Israel Tax Authority, and the curriculum vitae of Doron Herman.¹

Teva Pharmaceutical Industries, Ltd. is producing the enclosed documents and information with the understanding that you will afford the protections provided by the Case Management Order Two: Protective Order (Docket No. 441), entered by the Court on May 15, 2018.

¹ On June 11, 2019 we produced TEVA_MDL_JD_006243. The correspondence with that production erroneously described that document. That document contains a ledger of accounts payable by Teva Pharmaceutical Industries, Ltd. to subsidiaries of Teva Pharmaceutical Industries, Ltd. in the United States.
